From brief to brand in **four steps**

Step 01

Design Brief

Client chooses one of the logo design packages available. Then the client explains the details and concept of a project. Client will be asked about his industry, his ideas, theme and key colors to be used.

Step 02

Conceptualization

Brainstorming sessions and research is conducted to come up with unique concepts. Multiple concepts according to the selected package are made at this point.

Step 03

First Draft & Revision

The initial concepts are created and shared with the client for review. The client selects a design and/or provides feedback.

Step 04

Final Delivery

After going through all the stages and feedbacks, the design is finally launched and/or delivered as per the requirement.

Six reasons clients choose **World Website Designs**

Immaculate Designs

We have created some of the most appealing and eye-catching websites, our optimized designs deliver a remarkable increase in the quality of user experience. We don't have a one size fits all approach, we treat every client individually and design a unique strategy based on our client's business model, goals and achievements.
